

# Elliot Conti エリオット・コンティ

## Introduction:

Over the course of my 10 years abroad, I have been involved in various programs focused on improving/enhancing education and internationalization in Japan. Through my work at KidZania, I came to know 国際人をめざす会, and empathize strongly with its message and goals. Given that I live in Fukuoka and have a 6-month-old daughter, there are limits to what I can contribute, but I look forward to learning from and working with everyone as much as possible.
